Latis Hex

Pendants

DESCRIPTION

Engineered with versatility in mind, Latis's intelligent, fail-safe design easily adapts to a wide range of spaces, looks, and architectural conditions. Evocative of a structural I-beam, its deceptively minimalist profile packs robust performance capabilities into RBW's new optic platform.

MATERIALS

Extruded aluminum, extruded acrylic lens

COLLECTION NOTES

In addition to the (2) fixed hang points, each linear run comes with (1) flexible, sliding hang point. If your project requires additional sliding hang points, please reach out to your sales rep. For pricing on large quantity orders, please contact sales@rbw.com.
