

DESCRIPTION

This ceiling or wall flush-mounted lighting fixture is made with only the highest quality materials - including an elliptical-shaped mouth-blown glass globe, turned wood standoff and a machined brass canopy detail - creating a light that is both beautiful and functional. The traditional hand beading on the wood turning detail adds warmth and charm, avoiding the too-modern feel, while experiencing all the simple pleasures it brings. With its rich textures, welcoming shape and versatility this product is simply easy to live with.
