

Porto Mini

ALLIED MAKER

WAC-078

DESCRIPTION

Introducing the Porto Mini, the perfect blend of luxury and simplicity, that can be used as a flush-mount or sconce. The mushroom-shaped globe is crafted from thick opal crystal, which has been bead-blasted to create a smooth matte texture that enhances light diffusion and the glass finish. The internal hardware is machined from a solid aluminum billet, which has been anodized black to improve thermal performance and ensure that the high-quality LED module lasts for decades and can be easily replaced. The canopy is machined from solid brass and features a subtle radius offering the perfect canvas for Allied Maker artisans to apply our signature patinas.
