## DESK ACCESSORIES

BassamFellows believes that every component of contemporary living should be beautiful, even the items some may consider quotidian such as simple storage boxes.

The Sharp Series is defined by its strong, sculptural forms. Taking their inspiration from an axonometric view of a simple box, the pieces are carved and sliced from a solid wood block, offering a design juxtaposition between their precise architectural shapes and the warm character of the wood. Think of them as modular, functional art to enliven the desktop, living room or bath.

By contrast, the Soft Series features gently turned edges, celebrating the tactile and warm nature of each piece, which is carved from a solid wood block. Items of sculpture in their own right, the series can be used individually or as part of the modular system. These elemental, strikingly simple storage containers add an accent of luxury to any interior.
