

SLING CLUB CHAIR & OTTOMAN

A club chair anchors a living space and gives it personality. Seen from across a room, it invites relaxation, contemplation, and introspection while setting the mood.

BassamFellows pushes the structural boundaries in its designs while elevating design details to rarefied moments that quietly radiate true craftsmanship. The Sling Chair exemplifies this balance by pairing exceptionally soft and noble leather cushioning with a lithesome four-post wood and steel structure. Plated steel tubes form a structural cage that supports a sling hammock of stitched leather straps anchored at the chair's top rail and seat deck. The seat and back cushion folds over the front apron and backrest with a custom-pleated stitch to fit snugly within the chair's frame. Further comfort is achieved with the cushion's feather and down-layer topping and dual density foam.

CB-570	W 29 1/8"	W 74cm
Sling Club Chair	D 30 1/4"	D 77cm
