## TRAY RACK SERIES

The idea of modularity is at the heart of the innovative BassamFellows Tray Rack Series. Like other pieces in the collection, the Tray Rack utilizes the Stacking Tray as a basic building block. The Tray Rack is honestly constructed using alternating sections of solid wood that are layered and stacked to support the carved Stacking Trays.

Solid brass 'runners' allow the trays to slide out for easy access. The effect is a piece that looks immaculately tailored.

This is the kind of piece that is always useful and never out of place. The modular Tray Rack system is highly adaptable to different living or commercial environments. From bedside to the executive office, the removable trays are perfect for serving or entertaining.
