

STRATA DRESSER

Strata is an elevated synthesis of materials at its most elemental. Hardwood surfaces are joined by vertical steel rods to create a rigid architectural framework. External rods celebrate the unique construction, while brake-formed steel panels form a captive interior

Material & Finish

Extensive standard finish options available for the wood, rods and panels create a myriad of possible combinations ensuring each made-to-order piece compliments its space perfectly

Special Notes

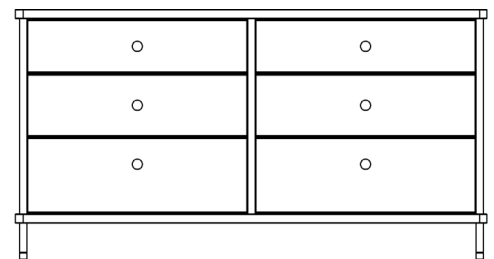

Various metallic/patina finishes are available for drawer fronts and sides as well as the rods
