**WELLES**  
**Double Blown**  
**Glass Desk Lamp**

in Satin Copper  
& Alabaster White

An intricate design process in which colored glass is blown within a clear glass envelope, the Welles double blown glass diffuses a soft light filtered through its translucent facets. A polygonal shape with polished sharp edges, the Welles is a glistening gem that cascades as a single pendant or as a body of staggering pendants.

The precious Welles Double Blown Glass is available in smoked gray or alabaster white, and can be mixed or matched with its complementary black, nickel, brass, copper and bronze metal.

All Gabriel Scott pieces are handmade in Canada.
