Solid White Oak with original artwork by Jean Pelle

Made in New York

About

The Carrizo Cabinet, a one-of-a-kind oak cabinet meant to hold more than one's physical possessions. Central to the piece is a pair of cabinet doors that are paneled with original artwork by Jean Pelle – a 48" x 48" tiled oil pastel drawing of the Carrizo Plain in central California, a singular place within the memory landscape of the artist.
