## Pastille Configuration Library

### Pastille Collection

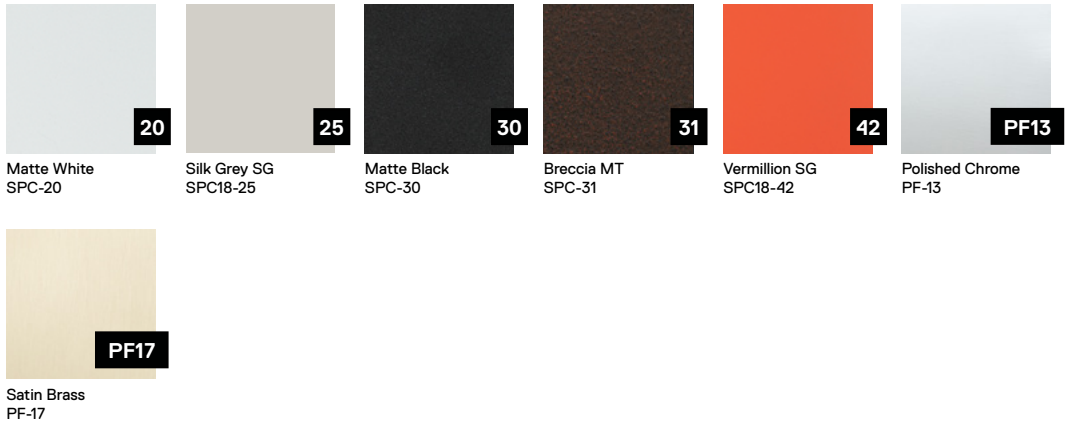

With the bold geometric patterns of its glass surface accented by metal backings, Pastille's design echoes the Art Deco sensibilities of Old Hollywood. The collection offers mix-and-match options for custom installation, including either a droplet profile or faceted pattern for the glass globe, with various finishes for an accent ring or backplate. Pastille is available both as an individual sconce or as part of a group, backed by a single plate in either a row or circular configuration.

Individual finish samples are available at [www.RichBrilliantWilling.com/finishes](http://www.RichBrilliantWilling.com/finishes).

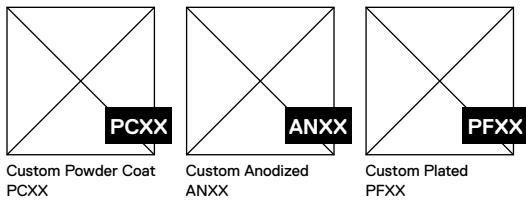

#### Plate Styles / Aluminum or Steel

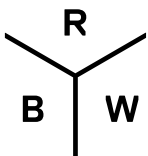

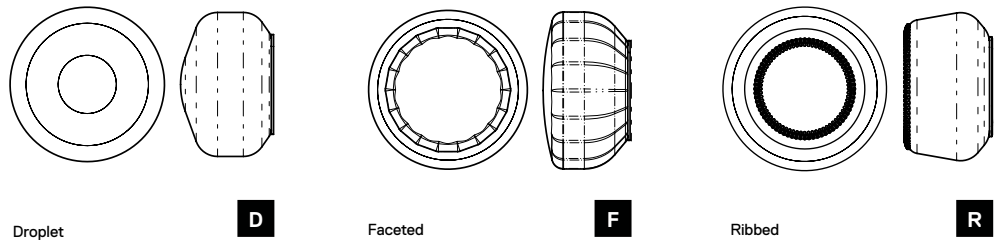

#### Plate Finishes / Powder Coat, Anodized, or Plated

#### Custom Finishes / 20-Day Customization

#### Globe / Opal Glass Diffuser
